4.2.1 Licensee agrees that it shall also provide Alliance with any additional records that Alliance reasonably determines are necessary to verify any records that Licensee is required to generate or maintain to fulfill the requirements listed in Exhibits B, C and D.

4.2.2 Licensee agrees to make any records that it is required to generate or maintain under the terms of this Agreement available for inspection by Alliance's authorized representatives for three (3) years after the last royalty period to which the records refer.

4.2.3 At all times during the term of this Agreement, Licensee shall maintain the financial capability to meet the Diligence Obligations of this Agreement. Upon request of Alliance, Licensee will provide any requested assurances and disclosures, including, but not limited to, financial records that will demonstrate its financial capability.

4.3 Development and Commercialization. During the effective term of this Agreement, Licensee shall provide a written report, such as the sample report found in Exhibit D, on or before January 31st of each year describing the Licensee's progress during the preceding year toward achievement of the activities described in Exhibit C. Such report shall include, at a minimum, information sufficient to enable Alliance to satisfy relevant reporting requirements of the U.S. government and to ascertain Licensee's progress toward meeting the Diligence Obligations of this Section 4 and Exhibit C. Alliance retains the right to update Exhibit D in

order to comply with DOE's reporting requirements.

4.4 Late Payments. If Licensee fails to make any payment to Alliance that may be required under this Agreement within the time period prescribed for such payment, then the unpaid amount shall bear interest at the rate of one-and-one half percent (1.5%) per month, or other authorized statutory rate, if higher, from the date when the payment was due until payment in full, with interest, is made. Should Licensee have need to delay a payment when due, Alliance will consider Licensee's needs as presented, in writing to Alliance at the address set forth in Section 12.1, by Licensee and received by Alliance thirty (30) days before the required reporting and payment date. Under such conditions, Alliance may, at its sole discretion, extend the date upon which an annual payment is required.

4.5 Currency. Licensee shall make all financial payments to the order of Alliance in U.S. dollars in accordance with Exhibit B and Section 4.2 above.

## **5. Diligence.**

5.1 Diligence Obligations. "Reasonable best efforts" for the purpose of this paragraph includes, but is not limited to, adherence to the activities described in Exhibit C. The efforts of a Sublicensee will be considered the efforts of Licensee for the purposes of this Section.

5.2 Failure to Meet Diligence Obligations. If Licensee fails to adhere to the diligence obligations set forth in Section 5 or Exhibit C, Alliance may terminate this Agreement or, at the sole discretion of Alliance, terminate the exclusivity of the license granted herein in accordance with the termination provisions set forth in Section 10 of this Agreement.

## **6. Infringement by Third Parties.**

6.1 Notice. If either Party becomes aware of any actual or potential infringement of the Licensed Patents within the Field of Use, such Party shall promptly notify the other Party in writing of such fact and any relevant details. In the event any Licensed Patents are infringed by an unlicensed third party, Licensee and Alliance shall have the right to abate or prevent such infringement, subject to DOE approval, as follows:

6.2 Action by Licensee. Licensee shall have the first right to take appropriate action to abate or prevent an infringement of Licensed Patents within the Field of Use ("Action"). Before commencing any Action, Licensee will first consult with Alliance and the DOE and obtain written authorization from the DOE to take such Action. In the event DOE authorizes Licensee to undertake an infringement suit, Licensee shall further consult with Alliance to determine if Alliance wishes to voluntarily enter into such suit.

6.2.1. Suit brought solely by Licensee. In the event Alliance declines to voluntarily enter into an infringement suit, Licensee may undertake such suit. If Alliance is legally required to be named as a party to such suit for Licensee to have standing, Licensee may join Alliance to such suit in name only, provided that Licensee shall not be acting as the agent, or in any way on behalf of Alliance. Alliance will cooperate in such suit solely to the extent necessary to maintain standing as reasonably requested by Licensee, at Licensee's sole expense. Alliance shall have the right to be represented by counsel at the suit proceedings and to participate therein at its own cost. If Licensee exercises its right to take any Action against a third party, Licensee shall be obligated to defend any cross claim, counterclaim, administrative action or action for declaratory judgment related to the Licensed Patents and shall not take any position or action that would have an adverse effect on the Licensed Patents or scope, claims, validity, or enforceability thereof.

6.2.2. Suit brought by Licensee and Alliance. If Alliance exercises the option to join such action, Alliance and Licensee shall negotiate in good faith to execute a joint litigation agreement. The joint litigation agreement shall include terms for the defense of any cross claim, counterclaim, administrative action or action for declaratory judgment related to the Licensed Patents.

6.2.3. Settlements. Licensee shall not settle, enter into voluntary disposition of, or compromise any suit in a manner that imposes any obligations or restrictions on Alliance or grants any rights to the Licensed Patents without Alliance's prior written permission. Any agreement made by Licensee for the purposes of settling an infringement suit hereunder or other related disputes will comply with the requirements of Section 2.2.

6.2.4. Suit brought solely by Licensee. In DOE authorized infringement suits brought solely by Licensee pursuant to Section 6.1.1.1 above, all costs and expenses associated therewith shall be the responsibility of Licensee alone, and Licensee is entitled to reimburse its expenses out of any sums recovered from settlements, damages or other monetary awards. After such reimbursement, remaining sums from any settlements, damages or other monetary awards shall be deemed as Sublicensing Revenue.

6.2.5. Suit brought by Licensee and Alliance. If the suit is brought by both Licensee and Alliance pursuant to Section 6.1.1.2 above, both Licensee and Alliance are entitled to reimburse their expenses out of any sums recovered from settlements, damages, or other monetary rewards. After such reimbursement, remaining sums from any settlements, damages or other monetary awards shall be shared among Licensee and Alliance, with Licensee receiving fifty percent (50%) and Alliance receiving fifty percent (50%). Such sums received by Licensee shall not be deemed as sublicensing revenue.

6.3 Suit by Alliance. Under Section 6.2. above, if Licensee does not take appropriate action to abate or prevent an infringement within one hundred twenty (120) days after receiving notice, Alliance shall have the second right, but not the obligation, to file suit in its own name by

counsel of its choice. The cost and expenses of all suits brought by Alliance under Section 6.1.3 shall be the responsibility of Alliance and as a result, Alliance shall be entitled to receive and retain for its own use any settlement amount or remaining damages awarded in such suit.

6.4 No Responsibility by Alliance and Government. Alliance and the Government shall not be liable for any costs or losses incurred as a result of an action for infringement brought against Licensee and/or its Sublicensees as a result of Licensee's exercise of any right granted under this Section 6, and Licensee shall indemnify and hold Alliance, the Government, their officers, employees and agents harmless against all liability, expenses and costs, including attorneys' fees incurred as a result of any such suit.

## **7. Representations and Warranties.**

7.1 Alliance represents and warrants that Alliance can grant the rights, licenses, and privileges granted by this Agreement.

7.2 Alliance represents and warrants that Alliance has no actual knowledge of any infringement claims filed against Alliance for practicing the Licensed Patents anywhere in the world.

7.3 Except as set forth in this Section 6, Alliance makes **NO REPRESENTATIONS OR WARRANTIES**, express or implied, with regard to infringement of any Licensed Patents.

7.4 Licensee represents and warrants that it shall not export any technical information (or the direct product thereof) furnished to Licensee, either directly or indirectly by Alliance in the grant of a license to the Licensed Patents, from the United States of America, directly or indirectly without first complying with all requirements of the Export Administration Regulations, including the requirement for obtaining any export license, as applicable. Licensee agrees to indemnify, defend and hold harmless Alliance, DOE and the Government, its officers, agents and employees from all liability involving the violation of such export regulations, either directly or indirectly, by Licensee or its Sublicensees.

7.5 Licensee warrants that it will not grant any rights inconsistent with the terms, scope and Fields of Use of this Agreement and shall not grant rights to any Sublicensee that Alliance itself would be prohibited from entering into by applicable laws, rules and regulations. Copies of all negotiated and executed Sublicenses shall be provided to Alliance in accordance with Section 2.2.

7.6 Licensee acknowledges it may be subject to criminal liability under U.S. laws for Licensee's failure to obtain any required export licenses.

7.7 Licensee represents that it is not a Foreign Entity of Concern.

## **8. Limitations of Warranties, Indemnification and Insurance.**

8.1 Neither NREL, Alliance, the DOE, the Government nor persons acting on their behalf will be responsible for any injury to or death of persons, or damage to or destruction of any property, or for any other loss, damage, or injury of any kind whatsoever resulting from Licensee's manufacture, use, importation or sale of the Licensed Patents or Licensed Products, in whatever form furnished hereunder, absent any negligent act or omission on the part of NREL, Alliance, DOE and/or the Government.

**8.2 THE PARTIES AGREE THAT NEITHER NREL, ALLIANCE, DOE, THE GOVERNMENT, NOR PERSONS ACTING ON THEIR BEHALF MAKE ANY WARRANTY, EXPRESS OR IMPLIED:**

**8.2.1 WITH RESPECT TO THE MERCHANTABILITY, ACCURACY, COMPLETENESS, OR USEFULNESS OF ANY LICENSED PATENTS, PATENT APPLICATIONS, ISSUED PATENTS, LICENSED PRODUCTS, OR NREL PROTECTED INFORMATION FURNISHED HEREUNDER;**

**8.2.2 THAT THE USE OF ANY LICENSED PATENTS, PATENT APPLICATIONS, ISSUED PATENTS, LICENSED PRODUCTS, OR NREL PROTECTED INFORMATION MAY NOT INFRINGE ANY PRIVATELY OWNED RIGHTS;**

**8.2.3 THAT ANY LICENSED PATENTS, PATENT APPLICATIONS, ISSUED PATENTS, LICENSED PRODUCTS, OR NREL PROTECTED INFORMATION FURNISHED HEREUNDER WILL NOT RESULT IN INJURY OR DAMAGE WHEN USED FOR ANY PURPOSE; OR**

**8.2.4 THAT ANY LICENSED PATENTS, PATENT APPLICATIONS, ISSUED PATENTS, LICENSED PRODUCTS, OR NREL PROTECTED INFORMATION FURNISHED HEREUNDER WILL ACCOMPLISH THE INTENDED RESULT OR ARE SAFE OR FIT FOR ANY PURPOSE, INCLUDING THE INTENDED OR PARTICULAR PURPOSE;**

**8.2.5 NREL, DOE, ALLIANCE AND THE GOVERNMENT HEREBY SPECIFICALLY DISCLAIM ANY AND ALL WARRANTIES, EXPRESS OR IMPLIED, FOR ANY LICENSED PATENTS, PATENT APPLICATIONS, ISSUED PATENTS, NREL PROTECTED INFORMATION, OR LICENSED PRODUCTS MANUFACTURED, USED, OR SOLD BY LICENSEE.**

**8.2.6 NEITHER NREL, DOE, ALLIANCE NOR THE GOVERNMENT SHALL BE LIABLE FOR LOST PROFITS, LOST SAVINGS, SPECIAL, CONSEQUENTIAL, INCIDENTAL OR OTHER INDIRECT DAMAGES IN ANY EVENT, EVEN IF SUCH PARTY IS MADE AWARE OF THE POSSIBILITY THEREOF.**

8.3 Except for any liability resulting from any negligent acts or omission of NREL, the DOE, the Government or Alliance, Licensee shall indemnify and hold harmless NREL, the DOE, the

Government and Alliance, and their officers, employees, and agents, for all damages, costs, and expenses, including attorneys' fees, arising from death, personal injury or property damage to third parties occurring as a result of the commercialization and utilization of the Licensed Patents by Licensee and its Sublicensees, if any, including but not limited to, the making, using, selling, or exporting of Licensed Products by or on behalf of Licensee, its assignees, or licensees which was derived from the work or activities performed under this Agreement. This indemnification shall include, but not be limited to, indemnification for any product liability resulting from the commercialization and utilization of the Licensed Patents by Licensee and its Sublicensees, if any. The indemnity set forth in this Section 8.3. shall apply only if Licensee shall have been informed as soon as practical by NREL, Alliance and/or the DOE or the Government of the action alleging such claim and shall have been given an opportunity, to the extent afforded by applicable laws, rules, or regulations, to participate in and control its defense, and NREL, Alliance and/or the DOE or the Government shall have provided reasonably available information and reasonable assistance (at Licensee's costs) as requested by Licensee. No settlement for which Licensee shall be responsible shall be made without Licensee's consent unless required by final decree of a court of competent jurisdiction.

8.4 Beginning at the time when any Licensed Products are being distributed or sold (including for the purpose of obtaining regulatory approvals) Licensee shall, at its sole cost and expense, procure and maintain commercial general liability insurance in amounts not less than \$X,000,000 per incident and \$X,000,000 annual aggregate, and Licensee shall have the Government and Alliance, its officers, employees and agents named as additional insureds. Such commercial general liability insurance shall provide (i) product liability coverage; (ii) broad form contractual liability coverage for Licensee's indemnification under this Agreement; and (iii) coverage for litigation costs. The minimum amounts of insurance coverage required shall not be construed to create a limit of Licensee's liability with respect to its indemnification obligations under this Agreement.

8.5 Licensee shall provide Alliance with written evidence of such insurance upon Alliance's written request. Licensee shall provide Alliance with written notice of at least fifteen (15) days before a material change in such insurance.

8.6 Licensee shall maintain such commercial general liability insurance beyond the expiration or termination of this Agreement during (a) the period that any Licensed Products are practiced or processes covered by this Agreement are being commercially distributed or sold by Licensee or by a Sublicensee, if any, or agent of Licensee; and (b) the five (5) year period immediately after such period described in subsection (a).

## **9. Reimbursement of Patent Costs and Technical Assistance.**

9.1 Responsibility for Patenting. Alliance is the owner of the Licensed Patents and shall have exclusive responsibility for the preparation, filing, prosecution and maintenance of the Licensed Patents, including choice of patent counsel. However, Alliance shall keep Licensee informed of patent prosecution, will seek Licensee's comments and suggestions prior to taking material actions for the same, and will take all reasonable prosecution actions recommended by Licensee that would

expand the scope of the rights sought. Licensee shall cooperate with Alliance to ensure that the claims for each Licensed Patent reflects and will reflect, to the extent practicable and to the best of Licensee's knowledge, all items of commercial interest to Licensee that are contemplated to be sold or procedures to be practiced under this Agreement.

9.2 Past Patenting Costs. Within ninety (90) days after the Effective Date, Licensee shall reimburse Alliance for Patenting Costs incurred by Alliance prior to the Effective Date in an amount equal to [**Amount in U.S. dollars**].

9.3 Ongoing Patenting Costs. Licensee will reimburse Alliance for all Patenting Costs for all Licensed Patents accruing on and after the Effective Date of this Agreement. Invoices for such costs will not exceed actual costs and are due and payable no later than thirty (30) days after receipt of invoices by Licensee.

9.4 Failure to Pay Patenting Costs. If Licensee declines to pay in full any Patenting Costs within the period specified in Section 9.3 which are necessary to the protection of certain rights at issue or if Licensee enters a case under the Bankruptcy Code of 1978, Alliance shall have the right to (i) abandon some or all of such rights at Alliance's sole discretion, or (ii) incur those costs at its own expense; in either case, Alliance may exclude such rights from the rights granted hereunder. In such event, Alliance shall be free to license such rights to third parties without further obligation to Licensee.

9.5 Technical Assistance. Alliance agrees, upon the written request of Licensee, to assist Licensee in obtaining technical assistance from NREL subject to the availability of the required resources and under the appropriate agreements. Licensee shall pay the full cost in accordance with the Prime Contract with the Government for such technical assistance.

## **10. Term of Agreement and Early Termination.**

10.1 Term. Subject to early termination as set forth in this Section and the terms and conditions set forth in Exhibits B and C, this Agreement shall be effective for as long as the Licensed Patents are enforceable.

10.2 Right to Terminate with Cure Period. Either Party shall have the right to terminate this Agreement with cause and without judicial resolution upon written notice to the other after the non-breaching Party notifies the asserted breaching Party of a breach of any provision of this Agreement, unless otherwise specified herein as event that is subject to immediate termination, and the asserted breach has not been cured by the asserted breaching Party within sixty (60) calendar days from receipt of such notice ("Cure Period"). If at the end of the Cure Period the asserted breach has not been cured and there remains a dispute or controversy, the Parties may agree to seek to resolve the matter through the use of the procedures set forth in Section 19.1 below. If Alliance is the non-breaching Party under this Section 9.2, then Licensee shall, within thirty (30) calendar days, owe Alliance all payments due, including but not limited to then appropriate Patenting Cost reimbursements, upfront fees, milestone payments, Sublicensing Revenue and continuous royalties due or the pro rata portion of any outstanding minimum annual

royalties, whichever is greater. Licensee acknowledges and agrees that Alliance shall be entitled to seek any additional remedies available at law to Alliance for Licensee's breach of this Agreement.

10.3 Termination for Loss of Patents. This Agreement shall terminate automatically upon a final adjudication of invalidity, unenforceability, or the extinguishment of all Licensed Patents, for any reason.

10.4 Early Termination. If Licensee fails to satisfy the requirements of article 2.4, 19.2, Exhibits B, C, or D then Alliance shall have the right, to exercise at its sole discretion with thirty (30) days written notice to Licensee, to terminate this Agreement.

10.5 Termination for Improper Transfer. Alliance, at its sole discretion, may immediately terminate this Agreement upon any attempted transfer of Licensee's interest in this Agreement, in whole or in part, to any other party except as may be otherwise permitted by the terms of this Agreement.

10.6 Termination for Actions of Licensee. Licensee agrees that this Agreement shall automatically terminate if Licensee attempts, in any way, to pledge its rights under this Agreement as collateral to a third party or fails to report a Change in Control event to Alliance and DOE according to Section 19.3.

10.7 Termination for Bankruptcy. Licensee will notify Alliance at least ten (10) business days prior to voluntarily filing for bankruptcy. Alliance may terminate this Agreement upon notice to Licensee if Licensee becomes insolvent, is adjudged bankrupt, applies for judicial or extra-judicial settlement with its creditors, makes an assignment for the benefit of its creditors, voluntarily files for bankruptcy or has a receiver or trustee (or the like) in bankruptcy appointed by reason of its insolvency, or in the event an involuntary bankruptcy action is filed against Licensee and not dismissed within ninety (90) days, or if Licensee becomes the subject of liquidation or dissolution proceedings or otherwise discontinues business. **17. Entire Agreement and Legal Amendments.**

17.1 The Parties expressly understand and agree that this instrument contains the entire agreement between the Parties with respect to the subject matter of this Agreement and that all prior representations, warranties, or agreements relating to this subject matter have been merged into this instrument and are thus superseded in totality by this Agreement. This Agreement may be amended only by a written instrument signed by the duly authorized representatives of both of the Parties.
